

## **Wwoofing and COVID-19**

Following the government measures restricting travel in Belgium, please be aware of the measures to be applied to preserve the health of all.

Dear Wwoofers and Whosts,

The European Union has closed its borders because of the situation of the Covid-19 'coronavirus'. This means that travellers from outside the EU are denied access to Belgium!

Also within the EU a number of borders have been closed. We do not know if Belgium will close its borders for travellers from within the EU in the near future, and therefore advise everyone to carefully (re)consider their travel plans!

If you were planning to come to Belgium, but have cancelled your plans, we are willing to extend your membership by one year. Please contact us if this is the case, but as we have to do this manually, please allow us some time.

If you are currently in Belgium Wwoofing, it is best to discuss with the whost what is best to do; perhaps you can shorten your stay to go back home, or extend your stay if it is difficult to continue travelling.

But the whost may also decide not to receive Wwoofers (any more) in the coming weeks or months. Respect their decision. We understand that this can cause inconvenience to say the least, but it is a difficult situation for everyone, and we are sure that everyone will do their best to deal with it.

If you have any questions, please contact us at [info@wwoof.be](mailto:info@wwoof.be).
